Measurements

Collection: Taking a joyfully unconventional approach to poolside furniture, MBRACE by Sebastian Herkner brings together DEDON Fiber seating and a solid teak base to create a unique range of cosy, cocooning lounge chairs. Available in wingback, lounge and rocking chair versions, MBRACE features a mesh-like triaxial weave and comes with optional cushion sets to suit any taste.

Footstool: Featuring a triaxial open-weave top and a solid-teak base, the MBRACE footstool goes perfectly with all three chairs in the collection.

Frame: The frame consists of aluminum. The base consists of premium teak.

Finishing: The frame is electrostatic powder-coated in a color similar to that of the fiber. The base consists of natural-finish teak.

Characteristics: Friendly, engaging, embracing, innovative, exceptionally comfortable

Frame Maintenance: Clean with a soft cloth and warm water. Wash the bases with warm water in which natural soap flakes have been dissolved.

Cushion Maintenance: While the covers cannot be removed, the complete cushions may be washed by hand.
